

March 1, 1966

P. O. Box 6788
Fort Davis Station
Washington, D. C. 20020

Attention:

STA

Gentlemen:

We are requesting the 13X Magnifier, Design #1492 with changes discussed on your last visit here. Also enclosed are two copies of the revised assembly. Each reticle will be mounted in a stainless steel disc. It is possible to have the reticles filled with a transparent red filler so as to make the appearance of the lines red on a light background. Focusing will be achieved on a single lead 20/inch thread.

Sincerely yours,

STA
